

German Medical Science

Open Access Publishing Platform
for Medical Science

GMS is an online portal for journals, conference publications and research reports which offers scientists and researchers from the medical sector a convenient and cost-effective channel for publishing their research results. GMS is part of PUBLISSO, ZB MED's open access publishing portal for life sciences.

Items published through GMS are:

- ▶ freely available worldwide
- ▶ quality-assured through peer review
- ▶ easily citable thanks to DOI and URN persistent identifiers
- ▶ clearly visible thanks to their inclusion in scientific databases and search portals
- ▶ licensed under a Creative Commons licence (CC BY 4.0)

What would you like to do?

- Launch a new open access journal?
- Publish your existing journal through GMS?
- Publish an article in a GMS open access journal?
- Publish abstracts or other materials from a conference?

Please get in touch to find out how we can help!
